

Robert Patterson (Ex-M.L.A.) Nominated Conservative Standard Bearer For Macleod Riding

LABOR AND CONSERVATIVE
SPEAKERS FAVOR J. W. McDONALD IN SPEECHES AT
ORTON RALLY

The opening campaign meeting for the Liberal candidate, J. W. McDonald, K.C., for the Macleod riding, was held at Orton Thursday evening of last week. A. F. Grady acted as chairman. Mr. Reed, a supporter of the Liberal candidate spoke first in behalf of labor, stating that it was his opinion that labor to the extent of 90 per cent. would support the Liberal cause. Joseph Hicks, barrister, representing the Conservatives, also spoke and in behalf of that party pledged his full support.

The candidate after criticizing to some length the administration of the present government in its various phases, explained the proposed platform policy of the Liberal party, and promised if elected to work ardently for the common good of all classes. Mr. McDonald spoke very highly of Captain J. T. Shaw, the leader of the Liberals in the province, also gave a high tribute to his opponent the U. F. A. candidate, W. H. Shield.

MUNICIPAL DISTRICT OF
BRIGHT O.K.'s \$5,000.00 WORTH
OF IMPROVEMENTS

The Municipal Council of Bright No. 60 met in the Municipal office on Saturday afternoon, June 12th, with all the councillors present and Mr. J. H. Evans, reeve, presiding.

Routine business occupied a considerable amount of time, including the passing of payment of the monthly accounts. The most important business transacted was the letting of a contract to John McLennan for the regrading of the Standoff road from the Macleod town limits to the Cochrane Municipal District boundary, between the rivers, a distance of nearly 30 miles. Altogether the council accepted contracts and gave orders for road work, amounting to over \$5,000, to be done during the month of June, spread over the six divisions of the municipality. This will give employment to a large number of farmers, after the seeding operations are completed.

The Council of Bright Municipality deserve the commendation and gratitude of the farmers of the district for their progressive projects of road improvements in the municipality, their aim being, "The Best Market Roads in Southern Alberta."

J. A. ANDERSON'S FARM RESIDENCE DESTROYED BY FIRE

J. A. Anderson, Olsen Creek, had the misfortune to lose his farm dwelling house by fire on Saturday night, June 12th. Mr. Anderson's family is away at present, and he and his hired man are living alone in the house. While they were in town on Saturday evening the fire broke out. The cause of the fire is not known. It was first noticed by some of the neighbors in passing, but the fire had too great a hold on the building to save it or the contents, and the whole was a complete loss.

The house was comparatively new, only built about five years ago, and cost over \$3,000, the contents were new, and including a very fine piano were very valuable. We understand that the house and contents were covered with insurance. The local telephone toll office for the Olsen Creek district was in Mr. Anderson's house, thus the connection to Macleod or other points were cut off, and no call for help could be sent in. Mr. Anderson knew nothing about it until he went home and found the place a blackened ruin.

My son, eventually the superintendent's job isn't going to the chap who whines where he is now.

PROVINCIAL PREMIERS IN
OTTAWA NOW

Ottawa, June 7.—The provincial premiers met in private conference here this morning in the public school board building. The meeting was for the purpose of fixing the agenda for the conference which probably will last several days.

The premiers of all the provinces E. Brownlee of Alberta. All are in are to be present, except Premier J. A. Robb of British Columbia, and Premier Taschereau of Quebec, who are expected during the day.

A preliminary agenda has been arranged by correspondence and centres around the questions of succession duties, fields of taxation and provincial subsidies from the federal government.

The central purpose of the conference is unofficially said to be provincial economy and by means of the meeting in the next few days it is hoped to arrive at some program by which provincial taxes will not overlap.

The matter of succession duties is particularly acute. Estates other than real estate, are sometimes twice heavily taxed, once by the province in which the estate is, and a second time by the province in which the heir resides. It is felt that there must be some readjustment in these cases.

Prince Edward Island is anxious to secure a larger subsidy from the federal government and Premier Stewart will probably bring this subject before the conference and ask their support in the matter.

The representatives from the Alberta government are expected during the day.

At this morning's session it was agreed that the conference would be open to the press and the public. A press committee would give information at the conclusion of each session.

Those attending the conference were entertained at luncheon today by Premier Ferguson of Ontario.

VOTE OF \$3,000.00 FOR HUDSON
BAY RAILWAY

Ottawa, June 9.—When the vote of \$3,000.00 for the Hudson Bay Railway was again taken up in committee of the house yesterday afternoon, C. A. Dunning, minister of railways and canals, announced that this money would be used for the purpose of putting into shape the line from The Pas, Man., to Kettle Rapids, which is 93 miles from Port Nelson on the Hudson Bay.

Mr. Dunning said it was estimated that it would take a total of \$6,153,000 to put into operation the Hudson Bay Railway from The Pas to Port Nelson. The present item would put into shape for operation the existing 322 miles from The Pas to Kettle Rapids, which had steel upon it. A further sum, it was estimated, of \$3,153,000 would be the cost of finishing the line to Nelson and The Pas, including railway terminals only at Port Nelson.

The cost of harbor works at Port Nelson, including elevator accommodation to the extent of four million dollars, which, he pointed out, had not been decided upon, and accommodations for ten ships were estimated at \$20,200,000.

Another advantage in having a stenographer is that you can use big words you don't know how to spell.

"Bob" Patterson, ex-M.L.A., was last Friday nominated by local Conservatives to contest Macleod Riding in the provincial election on June 28th Mr. Patterson is an old timer in this district, having come to Macleod in 1876 as a member of the Royal Northwest Mounted Police. Mr. Patterson represented Macleod constituency in the provincial house for two terms prior to 1917.

SMALL CARS MAY YET BE
CHEAPER

Ottawa, June 8.—Another budget amendment gave rise to keen discussion in the house yesterday. And, eventually, J. A. Robb, minister of finance, announced that if there were going to be any real opposition to the amendment he would withdraw it. For the time being, it was allowed to stand.

The effect of the amendment, which was submitted by Mr. Robb, was to remove the five per cent. luxury tax on autos valued at \$1200 and under. The amendment applies only to cars which are forty per cent. produced in Canada, or in countries with which Canada has preferential tariffs or most favored nation conventions, up to April 1st next, and of fifty per cent. production in Canada, or the countries before mentioned, after that date. The reduction would not therefore apply to cars of American manufacture.

THE EMPRESS THEATRE -- CURRENT ATTRACTIONS

"SUNNY FRANCE" PICTURED IN SCREAMING COMEDY OF A. E. F.—BEERY, HATTON, MARY BRIAN, FEATURED IN WILEY'S "BEHIND THE FRONT"

Sunny France! "It may be so, we do not know. It sounds so—queer!"

Just about two million boys who got "over there" during the late unpleasantness in France are going to be poignantly taken back to their soldier days when they see "Sunny France" as it is pictured in "Behind the Front," which Director Edward Sutherland has filmed for Paramount.

And the words of the cynical old song are going to rise to their lips when they mentally jog along with Wallace Beery and Raymond Hatton, as wild a pair of doughboys as ever shovelled rock in the S. O. S., and look out at the French scenery mournful in a heavy rain, from the side of a dinky box-car suitable for "40 men or 8 horses."

No more realistic or humorous scenes have been filmed in pictures than those in this side-splitting comedy of life in the belated A. E. F., which Paramount has contributed to the cause of keeping alive the laughter of the doughboys—and all others.

They Meet French Mud Beery and Hatton descend in the mud—and it's real French mud, the kind that slips, and sticks, and bogs down. And no sooner do they get off the train than they are assigned to carry the captain's trunk up to his lodgings in the French village.

Life in a small French town wasn't exciting at all, did have diverting moments—such as a sudden inspection by visiting officers. Hatton and Beery out for dress parade is one of the comedy riots of the year. Who hasn't—like Hatton—had a spiral puttee slip and come unbound just at the moment when he couldn't possibly bend over to fix it? Who hasn't found a vital article of his equipment missing at the fatal moment? That is, who hasn't, if he was in the A. E. F.

Soldiers Are Street-Cleaners Possibly one of the biggest laughs of the picture is the scene where Beery and Hatton are assigned to clean up a street in a French village. That was some job, as any one who has done just a regiment of cavalry can attest.

Of course, it didn't take a bungling pair like Beery, the former detective, or Hatton, the ex-burglar—both vamped into joining the army by beautiful Mary Brian, who was trying to enlist enough men to be allowed to go to France as a war volunteer—very long to get themselves into the guardhouse.

But at that moment Beery found Hatton a very handy man, for he soon picked the lock and they found their way to freedom, and into a French boudoir. That was where the fun began, for they both of them became a little too enthusiastic in the way they ordered vin rouge and vin "blink," and presto! all by accident, they woke up with something of a hangover to find themselves no longer with the S. O. S. in the rear, but right up at the front.

"Behind the Front" is a ripping comedy, which will be doubly enjoyed by ex-soldiers. It was adapted by Monty Brice from Hugh Wiley's "Saturday Evening Post" story, "The Spoils of War," and will be shown at the Empress Monday and Tuesday.

MOTORBUS CUTTING INTO
CANADIAN RAIL
REVENUES

Ottawa, June 9.—A committee of Canadian National Railway officials is at work studying the problem of motor bus competition. Sir Henry Thornton told the national railways committee of the house this morning.

The competition of motor vehicles had become serious on the short distance runs. Passenger competition was most severe. The committee of executives had been at work since last fall, said Sir Henry, but it was not yet in a position to make any definite recommendation. To compete with buses by buses would involve a considerable capital outlay.

The railways of Canada were reviewing the situation. "It is becoming pretty evident that the time is coming when motor bus companies must be brought under the direction of the railway commission," said Sir Henry.

It would be all right to travel in Europe if you could drop into Paris, Budapest or Berlin just any day and walk a ball game.

PRESENTATION TO MRS. ALEX.
DUNN

At the close of the evening service at St. Andrew's Presbyterian church last Sunday night the choir met at the home of Mr. Fred Morris, the organist and choirmaster, and during the evening, Mr. Morris on behalf of the members of the choir presented Mrs. and Mrs. Alex. Dunn with a very handsome copy of the "Book of Praise" as a token of appreciation of their long services as members of the choir. Mr. and Mrs. Dunn are leaving Macleod for Vancouver where Mr. Dunn has been appointed with a large contract in firm in that city. In the absence of Mr. Dunn who has already left for Vancouver, Mrs. Dunn feelingly replied in accepting the unexpected gift. A pleasant evening was spent in music after which Mrs. Morris served dainty refreshments.

PROVINCES SEEK LOWER
LIQUOR TAX

Ottawa, June 9.—The conference of provincial premiers and other representatives of the several provinces today passed a resolution asking the federal government to cut to one-third its taxes on wines and spirits made in Canada and sold to provincial government agencies, also to reduce one-half the tax on wines and spirits imported by these agencies.

Feeling that the residents of Macleod will appreciate a modern optometrical service without having to leave their own town, he has arranged bi-weekly visits to Macleod, Wednesday afternoon of alternate weeks, using a portion of the Rexall Drug Store as his office and headquarters. Macleod is the only town Mr. Wilkins will visit.

J. W. McDONALD ADDRESSED
BIG MEETING AT RATHWELL

A well attended political meeting in support of J. W. McDonald's candidature in the forthcoming Provincial Election was held at the Rathwell School house on Wednesday evening of this week.

The chair was taken by Percy Shield, who introduced the different speakers.

The first speaker was Dr. O. Faure, of Macleod, who, in a very forcible address dwelt on the incompetence of the U.F.A. Government during their five years of office. He was followed by Joe Hicks, of Macleod, who in a very decisive manner criticised the U.F.A. Government on their inability to solve any of the major problems with which they had been confronted.

J. W. McDonald, who was the chief speaker of the evening, addressed the meeting for more than an hour. He pointed out that the U.F.A. Members had deposed from the office of Premier of the Province the only two former premiers that have held office, and notwithstanding the declarations of the U.F.A. when taking office, two lawyers now hold the major positions in the Government. The speaker enlarged upon the program which he supports for better provincial government.

Mr. McDonald spoke of his appreciation of the courtesy extended to him in this district, especially as it was Mr. Shield's (the candidate for the U. F. A.) place of residence. He also said he more than appreciated the services of the chairman, who was the brother of Mr. W. H. Shield, but who so kindly acted in the capacity of chairman, and who carried out his duties so creditably.

WHEAT POOLS WIN—IN FIRST
ROUND OF THE BATTLE

Ottawa, June 8.—Wheat pools won the first round this morning in their contest with the grain trade over an amendment to the Canada Grain Act. By fifty-six votes to 12 the house of commons committee on agriculture passed a bill which, if it passes parliament, will enable grain growers to route their product through privately-owned country elevators to pool owned terminal elevators.

For more than a week pool and private elevator owners have clashed before the committee. Counsel and experts on both sides were brought to Ottawa from the west. Counsel for the elevator companies were under a constant fire of questions from Progressive members of the committee.

The elevator companies whose only hope now is that the commons or the senate will reject the bill, argued that the bill was confiscatory in character and that it would cut their business in two. The country elevators, they said, were only non-profitable feeders for private terminals but if the farmers were able to use the private country elevators to feed the pool terminals, their business would be ruined.

The pools, on the other hand maintained that there are 125,000 grain growers who have the right to determine the destination of their own produce. This, they said, had been the original intention of Judge Turgeon who re-drafted the Grain Act in 1925 although the bill as it passed the house last year did not carry this provision.

The vote was not on party lines, some Conservatives voting for the bill as advocated by the wheat pool.

LORD WILLINGDON APPOINTED
GOVERNOR-GENERAL OF
CANADA IN SUCCESSION TO
BARON BYNG

London, June 8.—It is officially announced today that Lord Willingdon has been appointed Governor-General of Canada, as previously forecast by the British United Press.

The official announcement of the appointment of Lord Willingdon reads as follows:

"His Majesty has been graciously pleased to approve the appointment of Viscount Willingdon, G.C.B., G.C.I.E., G.B.E., to the Governor-General of Canada, in succession to Lord Byng of Vimy, whose term of office will shortly expire."

Long Diplomatic Career Lord Willingdon, who has had a long parliamentary and diplomatic career, has been prominently mentioned for the governor-generalship for some time and has long been regarded as the most probable appointee.

It has previously been ascertained that his appointment would be acceptable to Canadian authorities.

Lord Willingdon was aide-de-camp to Lord Brasse, when the latter was governor of Victoria in 1895, and entered home politics in 1900, when he became Liberal member of parliament for Hastings, England. Later he represented the Bodmin division of Cornwall and was junior lord of the treasury from 1905 to 1912. He has also been governor of Bombay and Madras.

POLICY OF THE MACLEOD TIMES

The editorial policy of the Macleod Times during this provincial election for future ones during this time as Macleod has but one newspaper, is and will be to take a strictly neutral stand regarding politics.

The personnel of the Times' business patronage is divided on political questions—some favoring one school of politics—some another—and the management of this paper does not believe it would be fair to exploit the views of one portion of the patrons and supporters of this paper at the expense of the other portion.

The Times speaks the thoughtful consideration of a reader in perusing the arguments and statements of all factions when presented in this paper with a view to making an intelligent decision at the polls in the coming election in the best interests of this district and of the province.

Articles which may appear under the editorial caption of The Times on this page during this election and voicing political opinion will not have emanated from the editor of The Times but directly from the representative of one or the other of the political organizations embattled in this election campaign.

Space in The Times' editorial columns is available by either candidate for election in Macleod Provincial Constituency.

A FEW FACTS

Probably the most important matter for consideration is to determine our real financial standing and to ascertain whether our trustees, the provincial government, have administered the trust to the best advantage. The government has presented their defense, in what is plainly an election speech through the mouth of the provincial treasurer in his budget address of March 18 last. Facts are there presented in a way to put the best face on the government's financial failures, but some material facts, which are far from comforting, are not given the same robust publicity.

Upon examination we find that in the year 1921 when this government took office, there was collected for provincial purposes \$3,485,945, or an average per head of \$14. For the year 1925, the present government collected \$11,531,025 an advance in tax extraction of over \$3,000,000 or an average of \$19 for every man, woman and child in the province. Notwithstanding this excessive increase during difficult days, we find as well that at the end of 1925 there was \$1,000,000 more of arrears due the province than was the case in 1921.

During the lifetime of the present government our public debt has increased over twenty-two million dollars, and for the year 1925 alone the increase was slightly over two and a half millions. The government tries to soften the blow by telling us that over 16 millions of the increase arises because of commitments made by the previous government. To make up this fanciful figure, they have converted a contingent liability in connection with the university into a direct liability, they have piled on all the reconstructions and extensions of railroads made during their own regime and then added for good measure the losses arising out of the Lethbridge Northern irrigation project, for which losses this government must assume the chief responsibility, as we purpose showing later.

But even if this two quo quo argument had any merit, it certainly does not help us to solve the problem of our rapidly rising public debt. May we be permitted to put our financial transactions for the last

year in the simplest form? The government exacted in cash from the people of this province in 1925, the sum of \$11,531,025. They borrowed a further sum by adding to the public debt to \$2,551,000. They spent all these amounts save \$180,000. That amount was unpaid at the close of the year and they called it a surplus. The death of some people during the year enabled the government to collect \$150,000 more than was anticipated. The hand of death has aided a deceptively government to declare one surplus out of five attempts. Once in five years they have lived within their income. But to do this it has been necessary to place a Dominion subvention of \$274,000, paid during the year on account of highways, into income account instead of into capital account, where it properly belongs. The government at best is in the position of a merchant or farmer who at the end of his financial year rejoices that he fortuitously has \$1,000 in the bank, but during the year his debts have increased \$10,000.

THE EMPRESS THEATRE CURRENT ATTRACTIONS

(Continued From Page One.)

Talmadge outdoes himself in this action-mad melodrama, both in acting ability and in his "high and lofty" specialty without the aid of the champion of South America. The ring battle between Dick and a stirring scene, particularly well developed by Director Arthur Rosson. In addition to the speed and punch of the production there is a lot of good comedy. Charles Metz is responsible for this entertaining and rollicking story, and James Bell Smith for the continuity.

CONSTANCE TOLMADGE IN "BEHIND THE FRONT" GRADE-A FILM COMEDY "FAN"

Although she is constantly working in motion pictures, Constance Talmadge is an inveterate "fan." She has made a unique collection of autographed photos of all which dates back ten years. Many of the photographs could not be duplicated now.

Constance never misses a Keaton, Lloyd or Chaplin comedy, and even the two-reel comedies attract her. She has just finished "Learning to Love," a new comedy written by John Emerson and Anita Loos.

It is a Joseph M. Schenck production to be offered by First National at the Empress Theatre next Wednesday and Thursday.

mount's comedy of the A. E. F., which is at the Empress—Monday and Tuesday next, is nothing short of a "wow."

Not since such pictures as "A Regular Fellow" and Harold Lloyd's "Freshman" has such a genuine producer of laughs been thrown on the screen. "Behind the Front" is a true mirror of the humorous side of soldiering in France. The story concerns a couple of dumb doughboys, played by Wallace Beery and Raymond Hatton, and their love affair with an exceptionally beautiful and vivacious girl, Mary Brian, who never appeared more alluring and charming than she does in a Red Cross worker's uniform in the picture.

Before joining up with Uncle Sam's raiding party, the two, Beery and Hatton have been sworn enemies; the first—a detective, and the latter—a burglar. But since they both took to wearing the same uniform, they have become buddies. Beery's comedy performance is truly magnificent, surpassing even his great comedy characterization as "Rhode Island Red," the happy-go-lucky bum in "The Pony Express." Raymond Hatton also adds new laurels by his acting as Shorty McGee, burglar, stick-up man and doughboy. Mary Brian is splendid, and the love interest of the picture is maintained right up to the last comedy climax. Chester Conklin, remembered for his small town character in "A Woman of the World," gives an inimitable performance as the Scotch Kiltie, who tells the eager doughboys where he won his medals.

"Behind the Front" was directed by Edward Sutherland. Monty Brice adapted it from Hugh Wiley's Saturday Evening Post short story. Ethel Doherty wrote the screen play.

28th INTERNATIONAL Eucharistic Congress Chicago—JUNE, 1926—CANADIAN PACIFIC TO OPERATE SPECIAL CONGRESS TRAINS

The 28th International Eucharistic Congress, to be held in Chicago, June 20 to 24, 1926, will be one of the greatest religious demonstrations that the world has ever seen.

With the sanction of the Ecclesiastical Authorities and, for the convenience of people of Western Canada, who will attend the Congress, the Canadian Pacific will operate special "Congress Trains," starting from Moose Jaw and Winnipeg. The Moose Jaw Special will leave 5:30 p.m., June 18th; the Winnipeg Special 8:15 a.m. June 19th. These specials will carry equipment of the latest type, and provide a fine, fast through service to Chicago. Special sleeping cars will start from various points in the west and attached to the "Congress Specials" at Moose Jaw and Winnipeg.

Reduced Railway Fares
Reduced railway fare tickets from stations in Western Canada will be placed on sale June 16th to 22nd, bearing a final return limit to July 2nd, 1926. These tickets will be honored on regular or Special trains. The Canadian Pacific are in a position to make hotel reservations in Chicago, whereby passengers may complete every detail of their arrangements prior to departure. As thousands will attend this event, those who intend making the trip should communicate as early as possible with the Ticket Agent in order that desired accommodation may be secured.

Reasons Why the U.F.A. Government Should be Returned

The main concern of the Province is that of administration. Public Health, Maintenance of Law and Order, Transportation, Education, Industrial and Agricultural Welfare, are among the principal functions of the Government of Alberta.

Administration and legislation can be best handled by a non-party government.

The U. F. A. system of government is one of co-operation with other representatives in the interest of the Province. The party system is one of opposition.

The party system is organized from the top down, the U. F. A. system is organized from the bottom up. Under the U. F. A. system the power is with the people. It is not contended that the new system is perfect, but it is a big step in advance.

The political parties in Alberta are subject to dictation from their respective headquarters in Ottawa. The U. F. A. representatives are responsible only to the people of Alberta. Recent events have proved the necessity of having a Government in Alberta not subject to outside dictation.

All over the world the party system is breaking down.

The Alberta Government is not a class Government. It has always been prepared to co-operate with representatives of all interests elected to the Legislature.

Your only choice in this election is between the U. F. A. system of Democratic Government and the party system. There is no alternative.

"In the wake of the party system had followed corruption."—J. T. Shaw, Nov. 1921.

Here's why Orange-CRUSH is the finest fruit-flavored drink in the world today

First, the juice of luscious oranges—next, the delicate flavor of their peel—next, the zestful tang of the fruit acid found in oranges, lemons and limes. Added to this a pure food color, such as you use in your cakes and candies—pure cane sugar—healthful carbonated water.

Let's Banish the Children-Cheater!

"MISTER, that's not Orange-CRUSH. Why don't you give a fellow what he asks for?" Picture your boy or girl confronted by a burly buccaneer whose one idea is to profit more by selling cheap substitutes. He won't argue unless he has to. But what chance do the youngsters have with the children-cheater?

Orange-CRUSH is worth fighting for. Far too many of our boys and girls are cajoled into accepting inferior substitutes. The dealer who hands out Orange-CRUSH when they ask for it is worthy of their patronage. He has to pay more for Orange-CRUSH than for inferior imitations, but in the end he profits more, because it brings him a larger volume of sales. The dealer who sells the Krinkly Bottle is a man worthy of your respect because he sells a Quality drink. Call for Orange-CRUSH—look for the name Orange-CRUSH blown right into the Krinkly Bottle. Then drench your thirst in cool deliciousness.

New Attorney General
Announcement was made during the week of the acceptance of the post of Attorney General in the Alberta Government by John F. Lymburn, Edmonton lawyer. Hon. Mr. Lymburn has been sworn into office, and will enter the provincial elections this month for one of the

five Edmonton seats. He takes the portfolio which has been held by Premier Brownlee since 1921.

John Farquhar Lymburn, the new Attorney General, is a comparatively young man. He was born 46 years ago in Ayr, Scotland, within two miles of the birthplace of Robert Burns. His boyhood was spent at Ayr and his early education obtained in the grammar school and academy at Ayr. On completion of his studies there, he entered the law offices of Gowdy and Douglas, of Ayr, where he was apprenticed in law for five years. Completing this, he entered the offices of Kiddstone, Watson, Turnbull and Co., of Glas-

gow, one of the oldest established legal firms in Scotland. During his period in these offices he entered the law courses in Glasgow University, and passed his final examinations and was graduated in 1903, when he was admitted to the practice of law in Scotland.

Mr. Lymburn remained in practice in Glasgow until 1905, then went to Hamilton, Scotland, where he remained until March, 1911, in which year he came to Edmonton.

In Edmonton he entered the law offices of Short and Cross, with which firm he remained for 18 months. His first venture into private practice was under the firm name of Lymburn, Mackenzie and Cook, which firm was dissolved in 1914. He then took as partner John Scrimgeour, and later Maye Reid. Mr. Scrimgeour retired to the old land some years ago, and the firm continued as Lymburn and Reid, until the present.

Mr. Lymburn has been before the courts of the province practically ever since his arrival in Edmonton. His work as counsel has become notable, and his success in this respect is well known. He has handled all the counsel work of his firm, and a very extensive practice has been established. Recognition of his standing in his profession has come in many ways, among them being the fact that he was president of the Edmonton Bar Association during the term of 1924-25.

BASEBALL

Baseball fans in Macleod have had lots of excitement handed to them by the different baseball aggregations in Macleod.

The first game on Monday on the local diamond was a real battle between the Elks All-Stars and the Macleod Junior Champions. He has to pay more for Orange-CRUSH than for inferior imitations, but in the end he profits more, because it brings him a larger volume of sales. The dealer who sells the Krinkly Bottle is a man worthy of your respect because he sells a Quality drink. Call for Orange-CRUSH—look for the name Orange-CRUSH blown right into the Krinkly Bottle. Then drench your thirst in cool deliciousness.

The following evening the Juniors journeyed to Lethbridge and there crossed bats with the fast Lethbridge Miners (senior aggregation). Good ball was played by both teams, and when Macleod had got on to Ridpath's pitching and were walking him all over the lot, and had annexed eight runs in the 8th innings, tying the score (8x9), with two men on bases and nobody down, the umpire decided to call the game on account of darkness, hence the game reverted back to the sixth, giving Lethbridge the decision by 9 runs to 1, much to the delight of the Lethbridge boys and much to the disgust of Macleod. But the Macleod boys are not a bit disheartened and are only waiting for a sweet revenge when Lethbridge gives the return game on the local diamond.

On Wednesday evening the Grum High School team went down to defeat to the local school boys by a score of five to three after a real good display of fast ball.

NOVA SCOTIA MASONIC LORE

The following Masonic lore is of very wide historical interest:

1. The first Lodge on Canadian soil was established at Annapolis Royal N. S., 1738.
2. The first Provincial Grand Masters for any part of Canada, Captain Robert Comins, in 1737, and Major Erasmus J. Phillips, of Annapolis Royal in 1755.
3. The first Military Lodge chartered by the "Ancients" of England, was that in the 40th Regt. of Foot, No. 42, while quartered at Annapolis Royal in 1755.
4. The oldest Craft Lodge in the British Dominions Overseas, is St. Andrew's No. 1, G.R.N.S., Halifax, established as the First Lodge, by Cornwallis in 1750, becoming No. 4 on the Provincial Registry (Ancients) in 1768; and continuing without dormancy to the present day. The Lodge possesses the only English Centenary Jewel granted to a Lodge on a Canadian Register, and still works under its "Ancient" Chapter of 1768—the oldest Masonic Warrant in use in the Empire, outside the Motherhood.
5. The first Provincial Grand Lodge established by the "Ancients" in any part of the world was that warrant for Nova Scotia in 1757.
6. The first Royal Arch Degree conferred in Canada, were at Halifax and Quebec in 1760; the oldest existing R. A. Chapter being Royal Union Chapter, No. 1, Halifax, dating back to 1759 when it was organized under the Warrants of St. Andrews Lodge.
7. The first Knight Templar degrees conferred in Canada were at Halifax in 1766, by Lodge 322 in the 29th Regt. the first anywhere in the world outside the British Isles; the oldest K. T. Preceptory being Nova

Scotia, No. 5, dating back previous in 1782.

The oldest Mark Lodge records on the North American continent are those at Halifax, dating back to 1781.

9. The oldest Lodge in the Overseas Dominions, chartered by the Grand Lodge of Scotland, is Keith Lodge No. 17, Halifax chartered as Thistle Lodge No. 392 Scot., in 1827.

10. The N. S. Freemasons Home at Windsor is the first and only in Canada.

TARIFF ADVISORY BOARD ENDORSED

Toronto, June 9.—Confidence that the new tariff advisory board would deal fairly with the problems which it will be called upon to face, keeping in mind a broad Canadian attitude in their discussions, was expressed by various speakers at today's session of the annual meeting of the Canadian Manufacturers' Association.

President J. H. Fortier, Quebec, said:

"I think, gentlemen, that when you take your cases to that commission you will be well received. I have all faith that as Canadians they will take a proper stand."

Regarding the relation of the manufacturers to the rest of the country, the speaker said "what we want is to show ourselves in a proper light to other classes in the country. Our case is their case; their case is ours. If we could bridge over the gap that appears to exist we would have accomplished something worth while for the good of Canada."

Hon. E. J. Davis, Newmarket, declared that co-operation was evident in Canada today and therefore suggested "a Canadian development committee," composed of men of broad vision, to meet representatives of farmers and other classes to discuss matters of interest to all. In this way an excellent condition of affairs could be brought about.

In connection with the report of the transportation committee the relative merits of St. John and Portland, Maine, were discussed and the feeling was that every effort should be made to develop the port of St. John.

An appeal for greater trade with New Zealand was made and it was felt that Canada should concentrate on getting more trade from that country, but it was also felt that the business should not be one-sided.

The report of the commercial intelligence committee was presented this afternoon by T. F. Monypenny, Toronto.

FORWARD MACLEOD

J. W. McDonald, who is a candidate in the forthcoming Provincial Election for the Macleod Constituency on June 28th next, is one of Southern Alberta's leading business men. He is well known as a speaker and has always kept in close touch with the affairs of the governing of the Province. As Mayor of Macleod for several years, together with an able Council, he has again led Macleod back into the paths of assured prosperity, notwithstanding he assumed leadership when municipal financial affairs for the town were at their lowest ebb, hence his work in this direction is all the more commendable.

There is no question but that if J. W. McDonald receives the support of the Macleod Constituents in this election, the constituency will get their just dues from the Government, and if they don't, it won't be from lack of trying on the part of J. W. McDonald, as he is not the kind of man to just sit back and listen.

YOUR VOTE AND SUPPORT IN THE NEXT PROVINCIAL ELECTION, ON JUNE 28th, IS ASKED FOR ON BEHALF OF J. W. McDONALD, OF MACLEOD. REMEMBER A VOTE IN HIS SUPPORT IS A VOTE IN THE RIGHT DIRECTION FOR THE ADVANCEMENT OF MACLEOD. BY MARKING YOUR BALLOT NO. 1 FOR J. W. McDONALD YOU ARE BRINGING FURTHER PROSPERITY TO YOUR TOWN AND DISTRICT.

An appeal for greater trade with New Zealand was made and it was felt that Canada should concentrate on getting more trade from that country, but it was also felt that the business should not be one-sided.

TARIFF ADVISORY BOARD ENDORSED

Toronto, June 9.—Confidence that the new tariff advisory board would deal fairly with the problems which it will be called upon to face, keeping in mind a broad Canadian attitude in their discussions, was expressed by various speakers at today's session of the annual meeting of the Canadian Manufacturers' Association.

President J. H. Fortier, Quebec, said:

"I think, gentlemen, that when you take your cases to that commission you will be well received. I have all faith that as Canadians they will take a proper stand."

Regarding the relation of the manufacturers to the rest of the country, the speaker said "what we want is to show ourselves in a proper light to other classes in the country. Our case is their case; their case is ours. If we could bridge over the gap that appears to exist we would have accomplished something worth while for the good of Canada."

Hon. E. J. Davis, Newmarket, declared that co-operation was evident in Canada today and therefore suggested "a Canadian development committee," composed of men of broad vision, to meet representatives of farmers and other classes to discuss matters of interest to all. In this way an excellent condition of affairs could be brought about.

In connection with the report of the transportation committee the relative merits of St. John and Portland, Maine, were discussed and the feeling was that every effort should be made to develop the port of St. John.

LOCAL AND PERSONAL NEWS

A. T. Leather has purchased a new Oakland Landau.

Mr. and Mrs. D. J. Grier and children motored to Lethbridge on Saturday of last week.

John T. Doney has received official notice of his appointment as Inspector of Time Service for the C.P.R. at Macleod.

B. M. Armstrong, representing the Phoenix Insurance Company, read office Winnipeg, was a business visitor in Macleod on Monday.

Mrs. O. C. Edwards left on Thursday a flat week for Vancouver to attend the Annual meeting of The National Council of Women.

John Ringland is demonstrating a new Studebaker Standard Sedan a mighty nice looking car combining the last word in style and comfort.

Among those who went to Lethbridge Wednesday to see the big football game, were J. W. Moreau, H. H. Young and Geo. McFarquhar.

Miss Annora Brown arrived home Wednesday morning of this week, having motored from Toronto, where she had been attending the college of art for the past six months.

A serious fire occurred last week at the farm of Lemire & Godin on the Stand Off Trail, when they had the misfortune to lose 6 work horses, 2 grain bins and a wagon. The fire started in a straw stack close beside which twenty-four horses were tied, and before they could be rescued six perished in the flames. Several others were badly burned but they are expected to recover. The

cause of the outbreak is unknown, and the loss was not covered by insurance.

Miss M. McFarquhar, of Calgary, arrived in Macleod a few days since, where she will be the guest of her brother, Geo. McFarquhar, for a few weeks.

An important real estate deal was put through in Macleod last week, when Ed. Hillier bought from Mrs. Alex. Dunn the cottage on 21st St., between First and Second avenues. Mr. Hillier, an oldtimer of Macleod and district, recently retired from the government service on the Indian reserve, and is locating for good in Macleod amongst his old friends.

Thelin brothers, of Orton, had the misfortune to lose their blacksmith shop together with tools and other fixtures by fire which originated in an unknown manner on Wednesday afternoon of last week. The fire was not discovered until the whole building was a mass of flames. It is thought that sparks from the forge must have smoldered in some litter in the shop as water was thrown on the fire after the forge had been used earlier in the day.

Mountain View Rebekah Lodge No. 23 were favoured Wednesday night with a visit from Sister Cope, of Medicine Hat, Vice President of the Rebekah Assembly of the Jurisdiction of Alberta. Sister Cope is making a tour of all the Rebekah lodges of Southern Alberta, and Mountain View Lodge turned out in full force to welcome her on her first official visit to Macleod. When the Vice President entered the lodge room she was accompanied by

Past President Sister E. Forster Brown, Past President Sister Hastie, of Quebec, Past Grand Master E. Forster Brown and District Deputy President Sister Maltby. During the evening the Rebekah Degree was conferred on one candidate, the work being put on in splendid style by the Degree Team. The Vice President complimented the Team on manner in which they put on the work, and more especially as it was, with one exception, the first time the charges had been given by the members of the team. It was noticeable that the team was composed almost entirely of the youngest members of the lodge, and the proficient manner in which they worked was a revelation to the older members, as well as to the visitors. The Vice President also complimented the officers on the competent despatch with which they conducted the regular business of the lodge, and remarked on several features which were new to her. At the close of her thoughtful and inspiring address she was presented on behalf of the Lodge, by D.D.P. Sister Maltby, with a handsome piece of embroidery work as a token of appreciation of her visit. Refreshments were served at the close, and a social hour was spent over the tea cups.

FUNERAL OF MRS. MARY J. EDGAR

The funeral took place Saturday last from the United Church of Mrs. Mary J. Edgar, wife of Staff Sergeant A. D. Edgar late of the K.O.S.B. Regiment, who died at Macleod hospital on Wednesday, June 2. The service at the church and cemetery were conducted by the Rev. W. H. Irwin, pastor of the United Church, and there was a large gathering of friends present to show their respect for the deceased and their sympathy for the bereaved family.

The pall bearers were Staff Sergeant Armer, Staff Sergeant Webb, F. P. Walsh, Jos. Watson, Jos. Ridley and T. O. A. Drinkwater. The deceased is mourned by her husband, one daughter Mrs. Robert McDonald, and four sons, Charles, Herbert, Alfred and Harold. Mrs. J. Henderson, sister of the deceased and Mr. Henderson of Lethbridge were present at the funeral.

Ridley; Mr. and Mrs. Maltby; Mr. and Mrs. E. Castles; Mr. A. M. Hogg; Doris and Hilda; Mr. and Mrs. Oimshank and from F. J. Webb, Lethbridge.

REGULAR MEETING MACLEOD TOWN COUNCIL

The town council of Macleod met Monday evening in the council chamber, Mayor J. W. McDonald presiding with Councillors Stevens, Morris, Day and Leather in attendance.

An application was received from Wm. Whitworth for the renewal of his restaurant license, which was granted. The health officer, Dr. Elder, in his report for the month of May, stated that several cases of chickenpox and measles had occurred during the month, but all were of a slight nature. The chief of police reported six cases brought before the court during the month with three convictions. The date for the court of revision was set for Tuesday, June 22, in the town hall.

A widow's allowance of \$30 a month was unanimously granted to Mrs. Adrain and her three children.

A resolution was moved and unanimously passed, granting a transfer to the United Grain Growers Limited, of three lots on the south side of 13th Street on the corner of Third Avenue, in exchange for the lots where their elevator is now situated on Fifth Avenue. This new site is much more central than the present site, and the company intend to have the elevator moved and in full operation ready for the fall
